

# ELITE

Fully automatic rigid pool cover systems

## security, debris protection and style

Elite's range of fully automatic rigid pool cover systems offer pool owners the maximum enjoyment from their pool with the minimum of effort.

The fully integrated, custom designed & manufactured rigid pool system will add real value to your home, whilst saving you precious water, heating costs and providing you complete peace of mind in relation to security.

The Elite European inspired rigid range offers you many years of smooth operation from these state-of-the-art pool cover systems.

## many concealed options to choose from

Your state-of-the-art Elite rigid pool cover system is concealed below ground in a cavity built into the pool shell, making it a stylish option for pool owners.

For above ground options, new and retro fit designs are available.

Elite's fully automatic rigid pool cover system comes in a variety of aesthetically pleasing colour options so they can be perfectly tailored to suit most new pool designs.

Contact Elite to discuss your best option.

# Add real value to your home with Elite

Elite rigid solar plus polycarbonate slat cover for longevity

## available colours

Sky Blue

Grey Mist

Limestone

Transparent Solar

## good looking, hard wearing

The Elite rigid cover has been designed to give the pool owner a sense of real security and peace of mind.

The slats are manufactured from heavy duty UV-resistant materials, designed to withstand the harsh Australian climate. The unique colour matching edge guide system prevents water from infiltrating the slats, making a strong and durable pool cover that will give you many years of trouble-free operation.

The Elite solar slat system works just like a solar collector on your pool, heating the water and allowing you and the family to swim in complete comfort for much longer.

Ever since 1989 Elite Pool Covers have been creating a wide range of automatic and manual pool cover systems for pool owners who embrace innovation, safety and security, while also having a keen eye for design and style. Elite quality simply cannot be found in other pool cover systems... insist on quality Elite Pool Covers every time!
